

IT'S MORE THAN A MEAL

Reasons Why You Should Take Advantage of the Additional Free School Meals Being Offered:

- It extends your household food budget.
- It saves you time prepping meals.
- It provides students with additional healthy food options on the days they are learning at home.
- Meal Kits are available for all families; we encourage you to participate.
- Providing meals supports our program financially, and it's a way we can help the families of Horry County Schools.

USDA is covering the cost for these meals during the 2020-2021 school year for ALL HCS students due to the COVID-19 pandemic.

Beginning November 17th, meal kits will be sent home on Tuesdays (A Day) and Thursdays (B Day/G) containing 2 breakfast meals, 2 lunch meals, low-fat milk & juices.

For more information, please contact your school's cafeteria manager or call us at (843) 488-6925.
