Intent to Participate in Interscholastic Activities Home School Student

Dear Superintendent,

I am writing to notify you of the intent to participate in interscholastic activities by a home school student. I hereby attest that this student was a home school student for a full academic year prior to participation in the activity, and resides within the boundaries of the school for which the student will participate. I understand this student must meet all school district eligibility requirements with the exception of the school district's school or class attendance requirements, or the class and enrollment requirements of the associations administering the interscholastic activities.

We look forward to this involvement in our community. Please let us know if you need any additional information.

Sincerely,

The contact information for your district superintendent may be found at: www.ed.sc.gov/schools

The Equal Access to Interscholastic Activities Act gives home school and charter school student's access to interscholastic activities offered by the public school that serves their area of residence. This means that students will be permitted to participate in any extra-curricular activity for which they qualify. Please note the key points that are outlined below:

Key Points for **Home School** Students

- This access is only available at “traditional public schools” not exclusive magnet schools, exclusive technical schools, charter schools and/or private schools.
- The home schooled student must have been taught in the setting **for a full academic year prior to participating in an interscholastic activity**. The student may satisfy this requirement by being home schooled for a full academic year at any time prior to participation.
- **The student must notify the superintendent of the school district in writing of his/her intent to participate in the interscholastic activities as a representative of the school before the beginning of the season (first day of legal practice) for the activity in which he/she wishes to participate.**
- The home-schooled student must reside (with League recognized guardians) in the attendance zone of the public school in which the student participates. (SCHSL)
- The student must meet all League requirements at the resident public school except enrollment and attendance. (SCHSL)
- A student that changes residence (by League's transfer standards) eligibility will transfer to the new residence school immediately. (SCHSL)

All applicable paperwork needs to be completed and returned to the principal of the school of the attendance zone in which the student resides. Once the student's paperwork has been received and processed, the student will be placed on the eligibility list for the sport in which the student desires to participate.
