College and Career Ready!

Academic Opportunities

The Academy for Technology and Academics (ATA) offers 10 Major programs that support student career and post-secondary goals. Students may earn a license or certification through one of our career major programs, which may reduce or eliminate the need to take post-secondary classes. Our Major pathways include Automotive Technology, Barber/Master Hair Care, Building Construction, Cosmetology, Culinary Arts, Esthetics, Health Science (Certified Patient Care Technician/CPCT), Health Science (Nursing Assistant/CNA), Health Science (Pre-Medicine), and Pre-Engineering (Siemens). ATA offers Advanced Placement (AP), Honors, and College Prep classes as well as dual-enrollment/PACE classes through our partnership with Horry Georgetown Technical College (HGTC).

Entrance Requirements

High school diploma-seeking students interested in attending a Major program at ATA may apply online via the Horry County Schools website during their 10th-grade year while the application window is open. Some programs may have additional requirements that are in conjunction with state requirements for certain licenses or certifications. Students must adhere to the district's deadline dates for their application submission, and students who are accepted must return their acceptance agreement by the given deadline.

Academic Accomplishments & Recognitions

ATA has been recognized as a high-performing career center in the state of South Carolina. We have a College and Career Readiness Rating of 98%, which includes students earning their license or certification, and we have maintained at least a 98% Graduation Rate by our seniors as they graduate from their base high school.

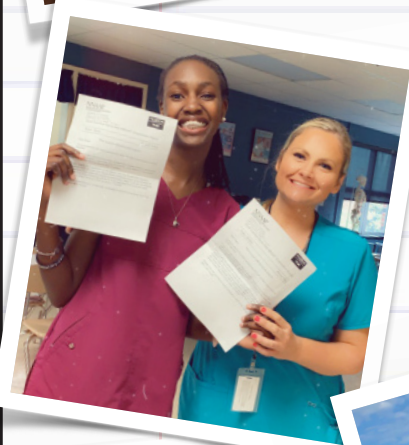

ATHLETICS

Students accepted into a Major program at ATA are eligible to participate in the athletic programs offered at their base high school.

CLUBS AND ORGANIZATIONS

ATA offers skills-based clubs that compete at the state and national levels. Some of these clubs include HOSA, FBLA, Skills USA, and Drone Flight. Other non-competitive clubs include:

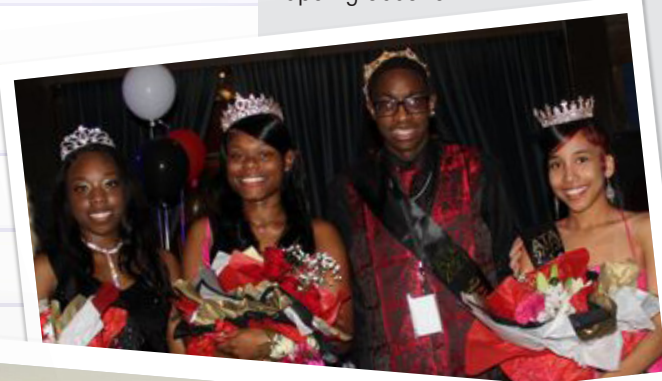

- National Honor Society
- National Technical Honor Society
- National English Honor Society
- Mu Alpha Theta
- National Science Honor Society
- Rho Kappa
- National Spanish Honor Society
- Beta Club
- Key Club
- e-Sports

Academy for Technology and Academics

Mission Statement

The mission of the Academy for Technology and Academics (ATA) is to ensure that all students who complete a program of study are deemed College or Career Ready upon graduation.
