## Academic Opportunities

The Scholars Academy is designed to provide advanced learners with a quality education in a supportive learning environment and to provide an education at the rate and level of academic rigor that complements the students' ability. With the exception of a few electives, Scholars Academy students' high school courses are all at the honors and Advanced Placement levels. Students typically begin college courses in the second semester of their freshman year with

more opportunities available as they progress into their junior and senior years. Academic research is offered through CCU opportunities and/or enrollment in AP Capstone.
