

Reading **BINGO** Challenge

Rising K-2 Students

Dear Parents,

Research indicates students who do not read over the course of the summer may experience the “summer slide” or a decline in reading achievement. MAP scores and Oral Reading Fluency may drop when students do not read over the summer. Students are encouraged to continue developing their independent reading skills by participating in our Summer Reading program. Students should choose “just right” books, which are not too easy and not too hard.

The public library is an excellent place to get summer reading materials. If you do not already have a library card for your child, please call our local branch library to sign up for one, and to learn about summer reading programs at the public library. We will honor the completion of the public library’s summer reading program in place of this log.

In order to participate in the Summer Reading program, students should complete the attached reading logs and BINGO cards. There is one sheet (front and back) for June and one for July. Students may count books read with an adult. Some BINGO activities will ask students to create something, such as a poster advertising a book they read. Please turn these items in with the completed reading logs and BINGO cards, so they can be displayed in our school library! Parents and/or guardians should sign the bottom of both reading logs.

Students who turn in their reading logs or show a certificate of completion from the public library will attend our Makerspace Party with BINGO and many other fun games and treats!

All reading logs must be turned in by Friday, August 21, 2020.

Happy Reading!
