Kennedi's Recipe

Dad goes to Walmart to get the turkey. It's a regular turkey. It's brown and like 5 pounds, I think. They keep the turkeys in the left and go straight and right and left. The turkeys are in a cage. Also get some like yellow soda and mashed potatoes because it starts with the letter M. Pay like 73 pennies. The turkey goes in the trunk. It stays still. At home, was the turkey in the sink with soap and then scrub it and wash it. Throw the feathers in the trash and the turkey legs stay on for Thanksgiving. Cook it in the oven because that's a good one. It takes one minute on hot. The stove beeps. The turkey will look frozen and it's not going to be alive no more. It smells like flowers. Put gloves on and the turkey has a big thing that's not a regular plate but it's metal and you put it on the counter. Pour the soda into cups and now you can eat because Thanksgiving is all done of cooking. When you are done eating, put the plate and cup in the sink. Dad cleans up and we can help him.

Katherine's Recipe

Go to Walmart or like some other grocery store like the other one which I don't know how to say. Get a good turkey that's sweet and yummy. It's 100 and thousand big. It weighs one thousand and 100. The turkey is in the fridge or somewhere that's cold so it will be good. Also get mashed potatoes, mac & cheese, green beans, peas, dessert, and chicken. Pay \$!. At home, wash the turkey in the sink with a scrub for your ham. Put some cinnamon and sugar on the turkey to make it sweet and a little bit of my magic to make it more good. Cook it in the oven for 20 seconds and 30 minutes. The oven beeps and it's done. It looks a little bit red and a little bit brown. It smells really good and special and sweet. Put it on a plate and bake the other food. Then eat all the food with some other people. Grown ups drink like soda and kids have different soda or milk or juice. Do you know what milk and juice are? Them are drinks. One more thing is that we are going to need some pumpkins and some leaves. Wear a Thanksgiving shirt because that's what it means. Clean up when you are done eating and go play in the playroom.

Bella's Recipe

Go to the shop called Mangos. It's a rectangle and it has red color in it. Get an exhausted turkey. It's a hot dog with two sides. He's by the rainbow at the sides. The turkey tastes like chicken. It's 32 big. Pay 27 and 2023. Take the turkey home in the car. It sounds like bamboo. It's just real. The car goes loopy-loop to get home. Put the turkey on plate. Drink water and gobble gobble. Wash it with a little bit of water in the sink. Cook the turkey in the water for 3 minutes. It's big and round and brown. It smells like hot dogs. Eat the turkey with a fork. Have sausages and nuggets and pumpkin pie and apple pie. Go play outside when you are done eating. Mom cleans up.

Mia's Recipe

Dad goes to get a turkey at Kroger. It has wings and it has legs. It weighs 31 and 10. The turkeys are in the bakery. They are dead because people killed them. Usually, we get Jello and applesauce and put it together to make Jello applesauce. Our family really likes it. Pay ten thirty. As home, was the turkey with water. Put sauce from the cabinet where we put all the sauce in. Put the turkey in the oven for 10 hours on hot. The oven beeps when it's done. Mom or Dad takes it out. It still has sauce on it, and it smells good and tastes good and looks good. Eat it with potatoes. Have Jello and cookies and ice cream for dessert. Drink soda or water. Watch TV when you are done. Mom and Dad clean up because they never ask me for help.

Ari's Recipe

Go to a house in my neighborhood. They will give me a regular turkey. It looks a little bit of orange and a little bit of red. It's probably like 80 big. It weighs 59. Pay them 5 and take it home. Was the turkey in the dishwasher. Put pepperoni on it to make it taste good. Cook it at Chick-fil-a. It's warm. It looks a little bit green when it's done. When it cools off it looks orange and a little bit white and a little bit red and a little bit blue. It smells like a monkey with banana. Eat it with chicken nuggets, ketchup with chicken nuggets, and chicken. Do an activity when you are done. An outside activity all by yourself. You need glue, scissors, paper, crayons, and Play-Doh to make a volcano.

Micah's Recipe

Go to the chicken store to get a turkey. Get a back, dark, and like a little green and a little red. It's gonna be like 10 big. It weighs 2 million pounds 300. You need a truck to pick it up and then we can do something. If it gets out, get a car to chase it. It won't run too quick. Only a 10 so mom can pull over and I'll chase it. I'll put it in the car, and it won't bite me. It's a nice turkey and it likes to play with toys and fetch my shoes. He listens to whatever I tell him to do, and you can pet him. Cook the turkey in the house with a heavy thing like a weight. Everyone can have a piece. It can still open his eyes so we can give it more time. We can cook him in the oven, but we don't want to cook him in the oven because he looks so cute. I'll give him a name like "Cute." I always wanted my own pet. It can stay in my room. Eat noodles, cupcakes with strawberry frosting, and go to a café or arcade for Thanksgiving.

Mark's Recipe

Go to the farm to get a turkey in the cage. It has black feathers, it's tan, and it has spikes that are red. It's 6 big and weighs 5. Put it in a box to take it home. Wash the turkey in the sink. Cook it in the oven for 50 minutes on hot. The oven makes a noise when it's done. It looks brown and smells like chicken. Eat it with carrots, burgers, fries, and nuggets. Wash your hands when you are done eating. Then you can watch TV, play outside, or eat something else for snack.

Luna's Recipe

Go to the farm to get a turkey with rainbow feathers. It's 5 big and weighs 10 or bigger. Pay \$10. Put it in a bag and take it home. Wash the turkey on its head in the sink. Throw the feathers away after the bath. Cook it in the oven for 1 minute on 10 temperature. The oven dings when it's done. It will look all baked and smell like a real turkey. Eat it with a hot dog, a corn dog, a yogurt, bread, pizza, an ice cream cone, chips, an apple, a pretzel, chicken nuggets, a cheeseburger, chicken, a Christmas cookie, a banana, a lollipop, a piece of chocolate, and a cupcake. Go play when you are done eating.

Carter's Recipe

Go to the farm to get a wet turkey to make it good. Or wait, no, get a dry one. It looks like a chicken. It's about 5 or 8 big and weighs 10 pounds. The turkeys are in the fence. Sneak up on it to catch it. Hold its mouth so it doesn't bite you. Put it in a basket or a box that's closed to take it home. Pay \$100 for it because turkey is really good.

First you wash it in the sink with nothing, just water. Take the feathers off and throw them away. Next, cut it with a knife. Make it a little hot. Put it in the microwave for 9 seconds. It's red and done. It smells good. Eat it with pigs in a blanket with no hot dogs in them, hot dogs, and pizza. When you are finished eating you take a shower, brush your teeth, and go to bed.

Juliana's Recipe

Go to the food store or the markets and get an orange turkey. It's giant. It weighs 10. Also get watermelon, oranges, bananas, peaches, cake, applesauce, Cheez-its, pretzels, and lettuce. Pay like probably 21. Go home. Wash the turkey with soap and water. Put pepper on it and some cinnamon. Cook it in the oven for like 10 minutes on medium temperature. The oven rings when it's done. It looks like a real turkey, and it smells like cinnamon. Take It out of the oven, cut it, and eat it. Don't eat the real turkey. Hide it under the couch or actually in the fridge. Wash your hands when you are done eating and then go play. Whoever makes the mess has to clean it up. Save some of the turkey. Don't eat it all and put the rest in the fridge until the next time. You're supposed to eat it and then go to sleep.

Emma's Recipe

Mano's Recipe

Go to Sams to get a real turkey that you can eat. It's so big. It weighs 10. Mom doesn't tell me what else to get because it's a secret. Pay 55. Only wash some apples and salad when you get home. Put the turkey in a pan. Turn on the heat so the pan gets hot. Wait until it's done cooking. It takes 26 for the timer. It smells like the same smell. Eat it with chicken and some beef. Go wash your hands and then sit on the couch and play video games when you are done eating.

Hudson's Recipe

Go to Aldis to get a Christmas turkey. It has a Santa cookie hat and a fun reindeer toy, and you can get French fries there. Santa has a fake suit and a beard. The turkey is 100 years old. It's free. At home, take the cookies off it so the kids don't eat the bones. Dad puts the turkey in the oven for 30 minutes on speedy fast and it's hot. Put ice cubes on it so it doesn't burn your mouth. It looks like a real Santa Claus when it's done cooking. It smells like Santa Claus and his reindeers. Eat it with long noodle soup with broth and noodles in it. When you are done eating you can play with the dog. Play dog bones. Play outside and the whole family plays outside, too.

Winston's Recipe

Go to Pizza Hut to get a chicken turkey. It will probably look like it has feathers and probably a face. It's 10 meters long. It weighs probably like 50 pounds. They keep the turkeys like where the pizza is. Pay 100 bucks and take it home. Wash the turkey in the sink with water and get it ready. Put salt probably, and pepper on it. Cook it on the stove for probably like 15 minutes on medium temperature. The stove rings when it's done. It will probably look burnt, and it will probably have feathers on it, and you take the feathers off and then maybe you can tickle somebody with them. Then it looks like a turkey. It smells burnt and like smoke. Eat the turkey with forks, spoons, and knives. Have Takis. Drink an energy drink called Prime. When you are done, hop on your Switch. Dad cleans up.

Kayden's Recipe

Go where we always see turkeys in the forest. It looks like a turkey that can walk. It's big as an elephant. It weighs 139 pounds. Run fast like Cat Boy to catch it and put it in the car. It is a real turkey. That's funny. Wash the turkey with just water in the sink.

It will get cutted with a knife in the sink. Sometimes we put the turkey on the stove, sometimes we don't. Wait, only put it on the stove for 1 minute on 139 degrees. We can use Grandpa's timer so it will ding when it's done.

Ding, ding, ding, ding, ding, ding, ding, ding! The turkey will look like a fat belly and some legs and some bones coming out because that's what it always looks like. It smells like maybe paper. All the food is corn, pumpkin pie, omelet, pizza, ice cream, and one more thing is apples. We might not have enough apples for all the people. We all help clean up.

Then we count to 20 to celebrate Thanksgiving. We all say, "Happy Thanksgiving!" when we get to 20.
