SUMMER STEM

A GSSM OUTREACH EXPERIENCE

Are you interested in expanding your knowledge of STEM at home?

GSSM's VIRTUAL CAMP

Summer STEM offers an opportunity to be immersed in an area of choice for a virtual week-long camp for rising 6th-10th graders. Interact with instructors and peers online in live instruction twice a day with work time after each live session. Time is also spent offline working through hands-on projects. Most of the materials needed for projects will be sent to students before camp. Choose from a variety of exciting courses.

Equipment needed

- Computer with internet connection for Zoom and Canvas
- Personal email address (student or parent) to receive all notifications and communications from instructors and GSSM
- Some courses require additional equipment and/or software (indicated in descriptions). Be aware that Chromebooks may not be able to run some software.

WHO

Rising 6th, 7th, 8th, 9th, & 10th Graders

DATES

Live Instruction: 9-10 AM & 1-2 PM with work time after each live meet. Choose any week or attend all four!

Virtual camps can be held anywhere there is an internet connection.

Week 1 JUNE 20-24	Week 3 JULY 11-15
Week 2 JUNE 27-JULY 1	Week 4 JULY 18-22

COST

\$180 per week

FINANCIAL AID AVAILABLE

Need-based financial aid is limited and for residents of South Carolina. Apply within the program application.
