Please take note of these testing dates! It is important that your child is in school and on time on these dates, as testing will begin promptly each morning. Student schedule may also be adjusted on testing days. Please refrain from scheduling doctor's appointments or any other out of school functions during these days.

Students should get plenty of rest the evening before so they are ready to do their very best! Electronic devices (with exceptions to school devices) should remain at home or will be collected during testing - this includes cell phones, smartwatches, bluetooth devices, or any device capable of communicating, recording, timing, creating images or storing images. All non-testing devices brought to school will be collected by the teacher and returned after each test session is completed.

Can't wait to see our students SHINE! If you have any questions or concerns, please contact Mrs. Yingling.
