Parental Information and Resource Centers (PIRCs) help implement successful and effective parental involvement policies, programs, and activities that lead to improvements in student academic achievement and that strengthen partnerships among parents, teachers, principals, administrators, and other school personnel in meeting the education needs of children. Sec. 5563 of the Elementary and Secondary Education Act (ESEA) requires the recipients of PIRC grants to: serve both rural and urban areas; use at least half their funds to serve areas with high concentrations of low-income children; and use at least 30 percent of the funds they receive for early childhood parent programs.
