

APPLY NOW! Horry County Schools is now taking applications for the Child Development Program. This **FREE**, full-day program gives children the educational experiences they need to be successful in kindergarten.

Ready? Set. Grow!

All classrooms have fully-certified teachers and experienced teacher assistants.

With no more than 20 students per class, each child receives lots of one-on-one support. By starting school a year early, Child Development students are able to make new friends and learn the routines of school, making a smooth transition to kindergarten. Enrollment is limited, so don't delay.

Applications will be available online beginning March 29, 2021.

So what are you waiting for? Give your child every opportunity to get an early start.

For more information, call 843.488.6806 or visit www.horrycountyschools.net/CD Program
