

A trip to the zoo

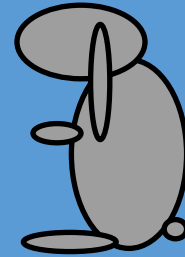

Tom, and his mom are going to spend the day at the zoo!
Tom is very excited to see all the new animals! Especially
one in particular, there is a new lion at the zoo!

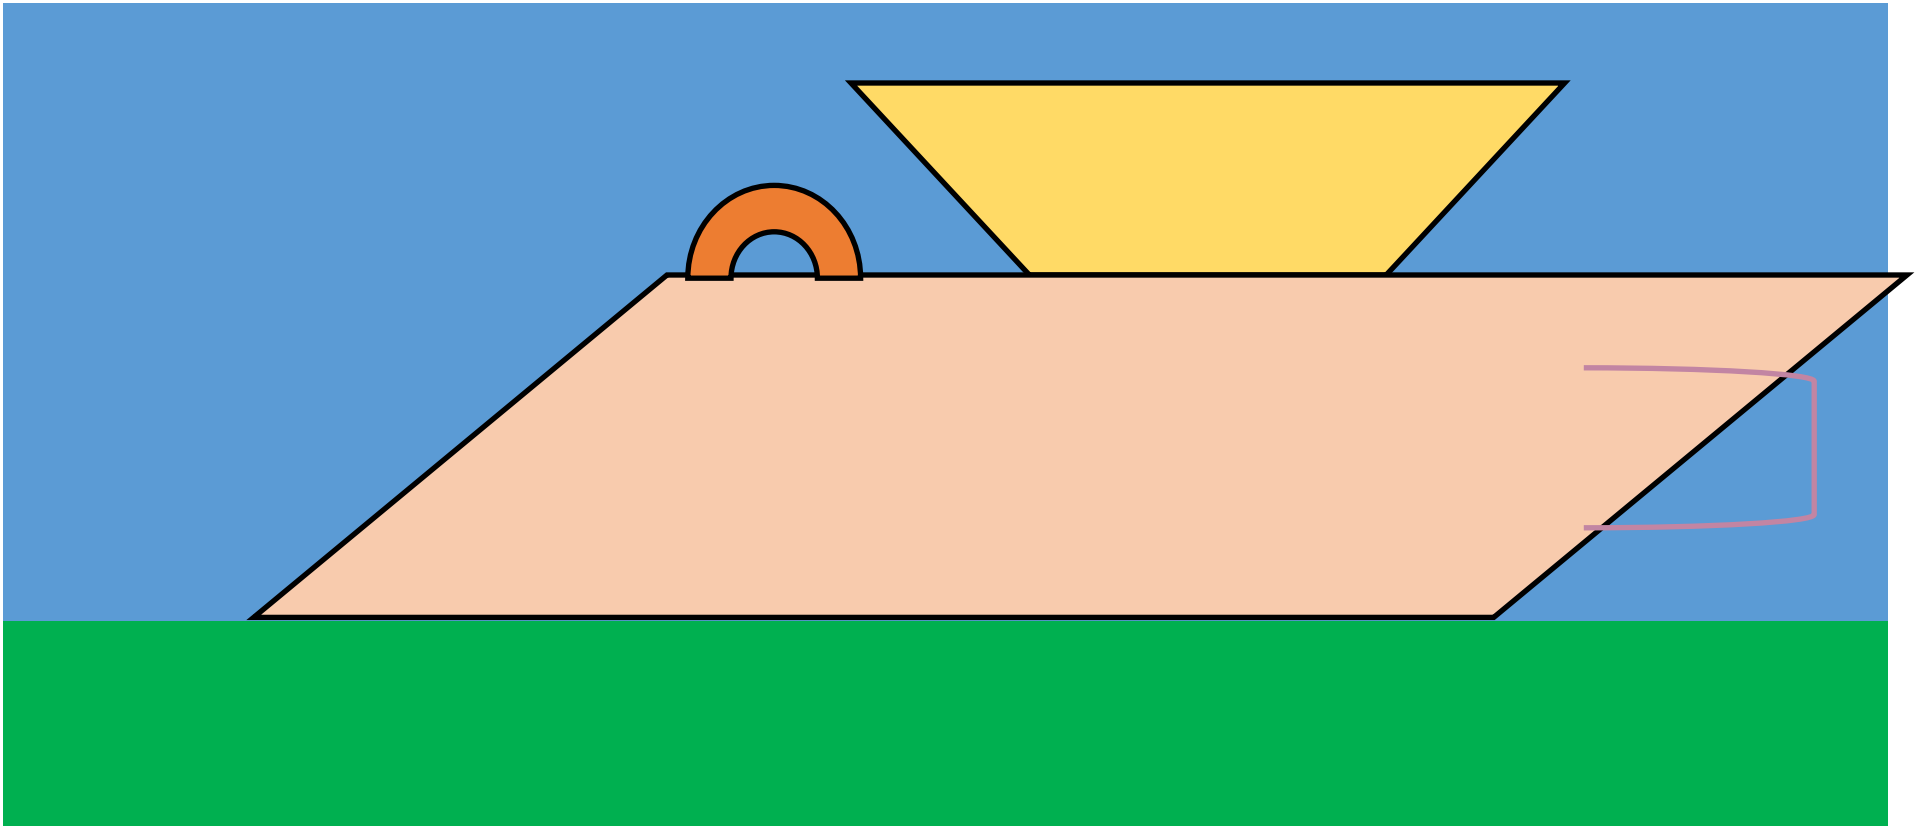

Tom and his mom get ready for the zoo. They pack a picnic lunch, and load themselves into the car.

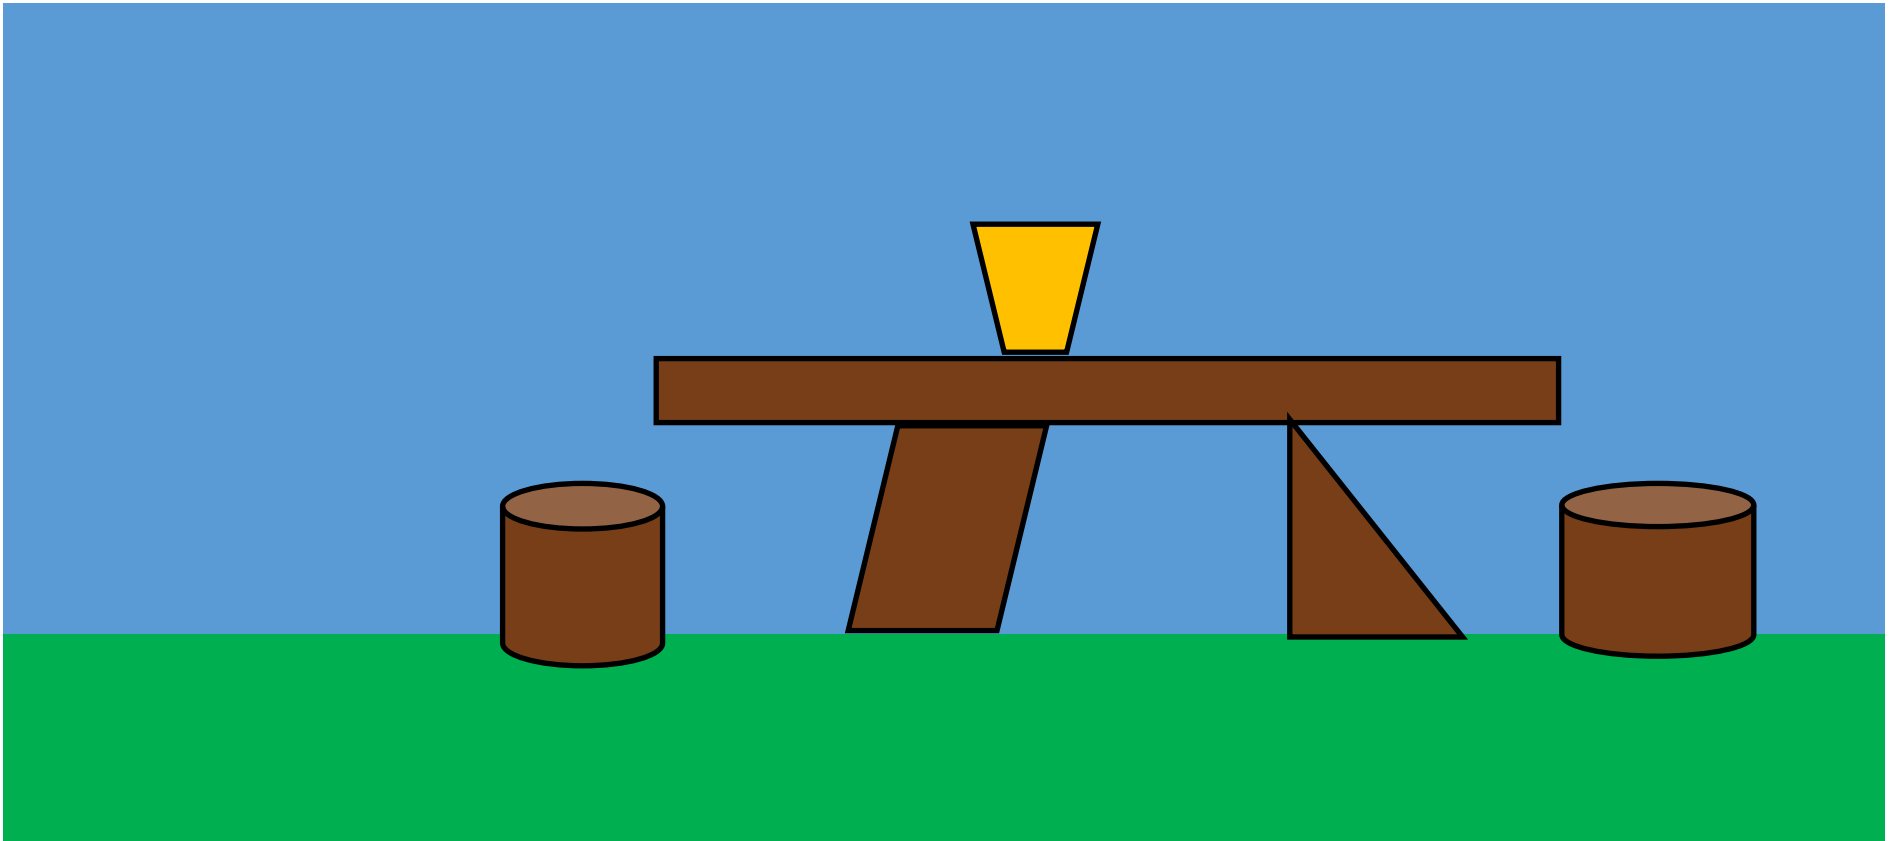

The first animal tom got to see with his mom was a giraffe. But tom was still waiting to see the new lion!

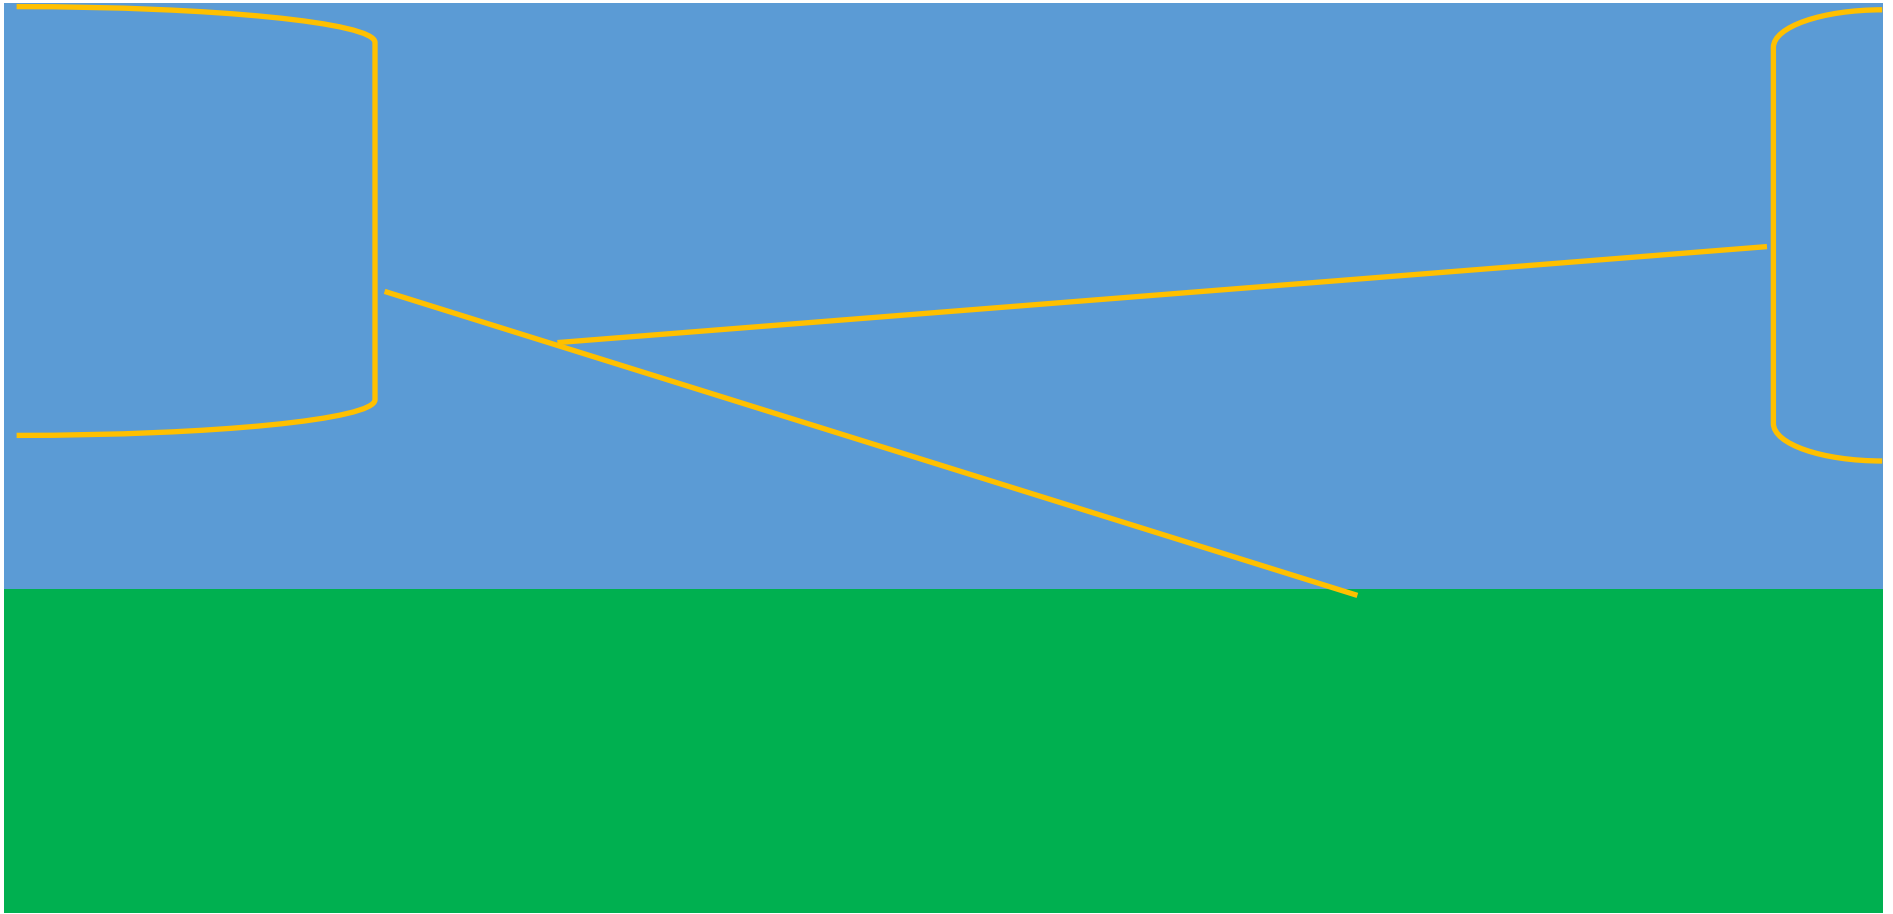

Tom and his mom also saw a bunny! He was running around an open area and eating the grass.

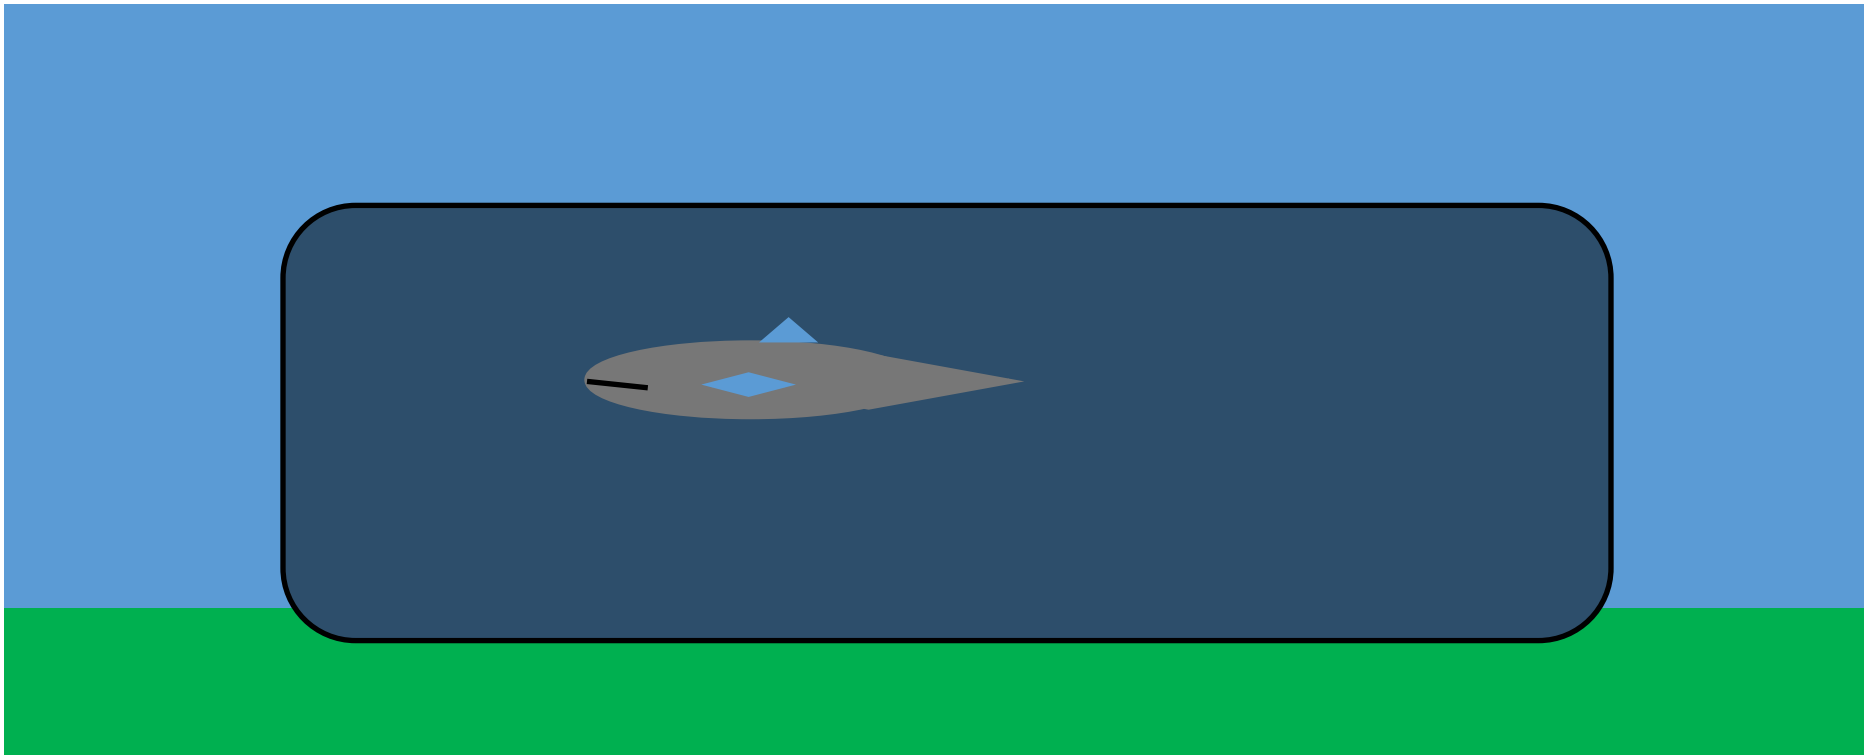

Tom stopped at the play ground to play with the other kids while his mom read her book.

After running around on the play ground with the other kids tom was very hungry! So he and his mother sat down at a picnic table to eat the lunch they had packed.

After tom and his mom had finished lunch they went to see tghej monkeys! But they weren't there!, so tom was sad.

Tom and his mom also looked at the fish! There were big fish and small fish! All colors of fish, red, blue, orange, green!

Finally tom got to see the new lion! He was huge! Tom was very happy and told all his friends at school the next day about the new lion at the zoo!
